AI SOCIAL MEDIA CONTENT CALENDAR

Project No. 20 | A practical 30-day social media plan for a small business

Student Name	Parameswari S
Project Title	AI Social Media Content Calendar for a Small Business
Sample Business	Sweet Crumbs Bakery (sample business used to demonstrate the plan)
Project No.	20

Project Overview

This project demonstrates how AI can help a small business plan social media content consistently. A 30-day calendar is prepared for a sample bakery, including post ideas, captions, content formats, hashtags, goals, and practical notes. The same framework can be adapted for a boutique, café, salon, tuition centre, or other small business.

1. Introduction

Social media helps small businesses introduce products, communicate with customers, answer common questions, and promote offers. However, planning fresh content every day can take time. AI tools can support brainstorming, caption drafting, hashtag suggestions, and calendar organisation. Human review is still necessary to check facts, prices, business policies, image permissions, and the brand's tone.

2. Problem Statement

Small businesses may post irregularly because they lack time, content ideas, or a clear marketing plan. This project uses AI-assisted planning to create a structured, manageable monthly calendar.

3. Objectives

• Create a practical 30-day social media content calendar.

• Prepare captions, content formats, hashtags, and a goal for each post.

• Balance promotional content with helpful, entertaining, and trust-building posts.

• Reduce planning time by using AI for first drafts and idea generation.

• Measure results and use the findings to improve the next month's plan.

4. Target Audience and Platforms

Target audience: local residents, families, students, and people looking for everyday treats or celebration cakes.
Platforms: Instagram for photos, reels, and stories; Facebook for community posts and FAQs; WhatsApp Status for timely menus and order reminders.

5. AI-Assisted Workflow

Step	Activity	Human review
1	Describe the business, audience, products, tone, and goal to an AI assistant.	Confirm that the business details are accurate.

Step	Activity	Human review
2	Ask AI for a list of post ideas for the month.	Choose ideas the business can actually create.
3	Draft captions, calls to action, and relevant hashtags.	Check grammar, tone, spelling, and claims.
4	Arrange ideas into a calendar and select suitable formats.	Check dates, availability, prices, and workload.
5	Create visuals using original photos or properly licensed assets.	Get consent for customer/staff photos.
6	Publish, record performance, and improve the next plan.	Use actual platform insights; do not invent results.

6. 30-Day Content Calendar

The complete editable calendar is also provided as an Excel workbook. This report includes a compact overview; captions and detailed notes are in the spreadsheet.

Day	Platform	Content idea	Format	Goal
1	Instagram	Welcome to Sweet Crumbs	Brand introduction photo/reel	Awareness
2	Instagram Stories	This or That: Cake Edition	Poll: chocolate vs. vanilla	Engagement
3	Facebook	Our Best Sellers	Carousel of 3 popular items	Awareness
4	Instagram Reel	Behind the Scenes	Short baking/preparation video	Trust
5	Instagram	Product Spotlight: Cupcakes	Close-up product photo	Enquiries
6	WhatsApp Status	Weekend Treat Reminder	Product collage	Orders
7	Instagram Stories	Ask the Baker	Question sticker	Engagement
8	Instagram	Customer Appreciation	Thank-you graphic	Loyalty
9	Facebook	How to Store Your Cake	Simple tip graphic	Value
10	Instagram Reel	Decorating in 15 Seconds	Quick decorating time-lapse	Reach

Day	Platform	Content idea	Format	Goal
11	Instagram Stories	Flavour Vote	Poll for next week's flavour	Research
12	Instagram	Meet the Team	Team or baker introduction	Trust
13	Facebook	Celebration Cake Ideas	Carousel of design inspiration	Enquiries
14	Instagram Stories	Weekend Menu	Menu card/story	Orders
15	Instagram	Mid-Month Special	Offer announcement graphic	Orders
16	Instagram Reel	Packing an Order	Packaging process video	Trust
17	Facebook	Baking Myth or Fact	Quiz post	Engagement
18	Instagram Stories	Rate This Design	Two cake designs with poll	Engagement
19	Instagram	Ingredient Spotlight	Photo of a key ingredient	Trust
20	WhatsApp Status	Order Reminder	Simple order reminder graphic	Orders

Day	Platform	Content idea	Format	Goal
21	Instagram Reel	A Day at the Bakery	Short day-in-the-life reel	Reach
22	Facebook	Frequently Asked Questions	FAQ graphic	Enquiries
23	Instagram Stories	Guess the Flavour	Close-up image quiz	Engagement
24	Instagram	Customer Review Highlight	Review card	Trust
25	Instagram Reel	Before and After Decoration	Decorating transformation	Reach
26	Facebook	Local Community Post	Friendly community message	Awareness
27	Instagram Stories	Next Month's Ideas	Question sticker	Research
28	Instagram	Product Bundle Idea	Photo of a treat box	Enquiries
29	Instagram Stories	Monthly Recap	Best moments collage	Loyalty
30	Instagram + Facebook	Thank You + Next Month Teaser	Thank-you post and teaser	Retention

7. Sample Ready-to-Use Posts

Day 1: Welcome to Sweet Crumbs

Platform / Format: Instagram — Brand introduction photo/reel

Caption: Freshly baked happiness, made for your little celebrations! Welcome to Sweet Crumbs Bakery.

Hashtags: #SweetCrumbs #LocalBakery #FreshlyBaked

Goal: Awareness. **Note:** Use a bright photo of the bakery or best-selling item.

Day 4: Behind the Scenes

Platform / Format: Instagram Reel — Short baking/preparation video

Caption: A little behind-the-scenes look at how we prepare your favourite treats.

Hashtags: #BehindTheScenes #BakingLove

Goal: Trust. **Note:** Show clean preparation and packaging.

Day 9: How to Store Your Cake

Platform / Format: Facebook — Simple tip graphic

Caption: Tip: keep your cake covered and follow the storage instructions provided with your order for the best experience.

Hashtags: #BakingTips #CakeCare

Goal: Value. **Note:** Keep advice suitable for the specific product.

Day 15: Mid-Month Special

Platform / Format: Instagram — Offer announcement graphic

Caption: A little mid-month sweetness! Check our page or message us for this week's available special.

Hashtags: #BakerySpecial #SweetTreats

Goal: Orders. **Note:** Only publish a real offer with clear terms.

Day 24: Customer Review Highlight

Platform / Format: Instagram — Review card

Caption: We appreciate every kind word from our customers. Thank you for sharing your experience!

Hashtags: #CustomerFeedback #ThankYou

Goal: Trust. **Note:** Use a genuine review and get permission where needed.

Day 30: Thank You + Next Month Teaser

Platform / Format: Instagram + Facebook — Thank-you post and teaser

Caption: Thank you for following and supporting Sweet Crumbs Bakery. More fresh ideas and treats are coming next month!

Hashtags: #ThankYou #SeeYouNextMonth

Goal: Retention. **Note:** Review insights before planning the next month.

8. Performance Measurement

At the end of each week, record reach, likes, comments, shares, saves, profile visits, enquiries, and orders where available. Compare results with the previous week. These are measurement fields only; no results are claimed in this sample project.

Metric	What it tells us	Action
Reach	How many accounts saw content	Repeat topics that reach the intended local audience.
Engagement	Likes, comments, shares, saves	Make content useful, clear, and easy to respond to.

Metric	What it tells us	Action
Enquiries	Messages asking about products or orders	Improve calls to action and make contact details clear.
Orders / visits	Business actions linked to posts	Compare with the content and offer that generated interest.

9. Responsible Use of AI

• Treat AI output as a draft; verify all factual claims and business details.

• Do not invent customer reviews, discounts, prices, stock availability, or business results.

• Use original, licensed, or permission-approved images and music.

• Avoid publishing customer contact details, addresses, or private information.

• Make sure the final content matches the real products and the business's policies.

10. Conclusion

This project presents a simple AI-assisted method for planning one month of social media content for a small business. The calendar combines product promotion, behind-the-scenes content, customer engagement, useful tips, and community-building posts. By reviewing actual performance and updating the plan each month, a business can create a more consistent and organised social media presence.

Appendix: Suggested AI Prompt

“Act as a social media planner for a small local bakery. Create a 30-day content calendar for Instagram, Facebook, and WhatsApp Status. Include a content idea, format, caption, relevant hashtags, goal, and production note for each day. Use a friendly, simple tone. Do not invent prices, customer reviews, offers, or business facts. Mark details that need confirmation by the business owner.”
